A Word to Republicans.

The hope of the party lies in the expansion of a stalwart Republican press. The Republic who reads or otherwise helps to support a Democratic paper to the exclusion of one of its own party newspapers is untrue to the Republican cause.

Unanimously subscribed to by the National Republican League.

J. S. CLARKSON, President.
A. B. HUMPHREY, Secretary.

THE LEDGER is the largest daily paper printed in Maysville—contains the columns and measure their length. It gives you more reading matter than any other. It is sold at the same price as any other Maysville paper—one cent a copy or 25 cents a month, delivered by carrier or sent by mail. If you are looking for the most for your money, you can get it in THE LEDGER. Now is the time to subscribe—suppose you give it a month's trial.

Circulation More Than 1,000 Daily.

In one part of England there has just been held a mammoth agricultural convention, called to consider measures of relief for the well nigh hopeless condition of British farmers; in another part 40,000 striking cotton operatives are starving, while 20,000 more are sustained by contributions from their Union treasury. These are some of the results of Free-trade after half a century's experience in Great Britain.

The farmers in particular attribute their woes to Cobdenism, and demand Protection for their industry in no uncertain terms. Their attitude has so impressed The St. James Gazette with the significance of the Protection resolutions passed by the Agricultural Conference that it declares that, since "the farmers have forced the pace, hereafter it will be useless to say that Protection is not practical." It adds: "The question (of Protection) must be treated seriously, as it will hereafter be reckoned a factor in English politics."

The Tariff question is destined to play an important part in British politics at no distant day. And it will require only the briefest experience of British Free-trade and its ensuing conditions to bring back American farmers and wage earners to a renewed appreciation of the benefits of Protection.

A BILL has been introduced in Congress to raise the whisky tax to \$1.25 per gallon. How our Democratic friends are "reforming" things by placing high duties on the "necessaries of life!"

ARTICLES of association of the National Brotherhood of Soldiers have been filed with the Secretary of State of Indiana. The organization is Democratic, and its subordinate branches are to be schools of Democracy. Both Union and Confederate Democratic soldiers are eligible to membership, and in the event of the death of a member his eldest son, if a voter, is eligible to the vacancy. The minor organizations are to be known as Forts. This organization meets with great favor among the Maysville "non-partisans" who were never in their lives known to vote for a Republican, and who insist that the Grand Army of the Republic is a "political" body. We may now expect the "non-partisan" Democratic members of G. A. R. Forts to enter these pronounced Democratic "Forts."

APPREHENDED.

The Desperados That Held Up the C. & O. Train Under Arrest.

HUNTINGTON, W. Va., Dec. 15.—Chief Turner, of the police force here, aided by his assistants, cleared up the C. & O. vestibule train robbery and murder Wednesday morning, by the arrest of Tom Collins, at Bradrick, just across the river in Ohio, charged with the murder of the German passenger, and being a confederate of Burrell Forgey, who was placed in custody Tuesday night. The chain of evidence is complete.

Capt. Sam Matheson came down from Charleston and has identified them both. Collins is in jail, which place is heavily guarded, while Forgey is allowed to remain at his home on Virginia avenue under guard, where he is suffering from the wound in his right shoulder made by the collector's bullet.

It is expected they will be bound over to court, a special grand jury called, then indictment, prosecution and punishment meted out inside of two weeks. The city is in great excitement, and there is great danger of a mob taking the law into their hands. Fifty extra police have been sworn in.

MONARCHISTS REJOICE.

Rouvier's Fall a Blow to the Republic They Believe.

PARIS, Dec. 15.—The Republic Française Wednesday congratulates M. Rouvier upon resigning the finance portfolio. He will now be at liberty, the paper says, to attack his accusers, who, it adds, are assassins of the republic.

The monarchist papers are jubilant over the fall of M. Rouvier, and hail his resignation as a triumph for the monarchist cause.

The De Bacle declares that it will lead a movement looking to the holding of another congress at Versailles.

LONDON, Dec. 15.—The Standard's Paris correspondent calls attention to the significant fact that although all sensible persons discredited the reflections cast upon M. Rouvier, no supporter of the cabinet paid him the compliment of moving a vote of continued confidence.

THE FRANKLIN FUND.

The City of Boston May Not Get It After All.

BOSTON, Mass., Dec. 15.—The city of Boston may not get the Benjamin Franklin fund after all. The fund amounts to over \$395,000, and it has been generally supposed that the decision of the Pennsylvania court, given some time ago, disposed of the claims of those in this state, who insisted that the fund should be distributed among them and not to go to this city. It now appears that an appeal has been taken by the Franklin heirs to the Pennsylvania supreme court, and the appellants profess to believe that they have a fair chance of winning the case. An adverse decision of the Pennsylvania court would not dispose of the Massachusetts case absolutely, although a decision by that court would have great weight, being a construction of a Pennsylvania will.

Novel Cure for Typhus Fever.

SAN LUIS POTOSI, Mex., Dec. 15.—The death rate is increasing at an alarming rate, owing to the terrible ravages of typhus. The disease seems to be spreading and the people are alarmed. Father Ortiz, a Catholic priest, has been prescribing a remedy which has had remarkable success. It consists of a drink made by pounding spiders of the species known as *Arkanas capillus*, into a pulp, adding a little water. The receipt was obtained from the Indians. Convalescence ensues in six hours and recovery is the matter of a few days. Many patients, however, refuse to take this medicine.

A Battle With Bandits.

COFFEYVILLE, Kas., Dec. 15.—Another battle with bandits occurred fifteen miles southwest of Coffeyville, in the Indian territory, between Detective Dickey, of the Pacific Express Co., and Deputy United States Marshal Wilson on one side and members of the Star-Newton gang on the other. Wilson was killed and Dickey driven off. The gang of outlaws was organized since the death of the Daltons. Starr, the leader, is a half-breed Cherokee.

Smothered in Grain.

LONDON, Dec. 15.—The body of Patrick Macardury, of Brooklyn, N. Y., was found Wednesday in the hold of the Anchor line steamship Bothnia, at Glasgow, from New York, embedded among the grain. This shows that the mother and friends of Macardury were correct in their belief that he had been smothered in grain when the steamship was being loaded and that his body was among the grain.

A Husband's Revenge.

PHILADELPHIA, Dec. 15.—Henry A. Kreckman returned unexpectedly to his home, 1913 Mountain street, at an early hour Wednesday morning, and discovered his wife and Samuel Morris together. In a fit of rage Kreckman procured an ax and beat Morris about the head, fracturing his skull, cutting his face open and breaking an arm.

Epilepsy Blaine's Disease.

WASHINGTON, Dec. 15.—Ex-Secretary Blaine is now reported to be recovering, and with the announcement comes the statement that there is no arrangement pending for his admission to the Catholic church. His trouble is said to be epilepsy, and that at each recurrence of the attacks they become more violent and dangerous.

Horrible Disaster.

NASHVILLE, Tenn., Dec. 15.—The Inman coal mine at the foot of Cumberland mountain, near Jasper, was the scene of a horrible disaster. The entire side of the mountain caved in, shutting off the only entrance to the mine. Two convict guards who are missing are supposed to be buried in the debris.

To Open as a Water Garden.

CHICAGO, Dec. 15.—It is announced that the World's fair horticultural building will be formally opened as a winter garden December 20. This action affords the general public an early opportunity to visit the rare and beautiful plants that are rapidly accumulating.

HIS MISSION.

The Transactions of the Conference Made Public.

Satelli Commissioned by the Pope to Speak For Him

On the School Question—Also Appointed a Permanent Delegate to Remain in This Country, as the Hierarchy is Becoming Well Established Here.

BALTIMORE, Dec. 15.—There has just been issued by the publishing house of John Murphy & Co., of this city, for private circulation among the bishops of the Catholic church in the United States, an authentic "abstract of the minutes of the third annual conference of the most reverend archbishops of the United States." This authorized abstract is signed "P. L. Chapelle, secretary," and is accompanied by the following statement:

"In accordance with a resolution of the Board, the foregoing abstract has been approved by the Most Eminent Chairman (Cardinal Gibbons) and by His Grace the Most Reverend Archbishop of New York."

These approved minutes will probably be accepted by Catholics everywhere as conclusive on the disputed questions as to what took place in the conference of archbishops as to Mgr. Satelli's mission, and the views the papal legate laid before that conference on the public schools question. Following are the extracts bearing on this matter:

The first session opened at 10 a. m., November 16, 1892. His Eminence Cardinal Gibbons opened the conference with prayer. Archbishop Ireland tendered his resignation as secretary of the board, and Bishop Chapelle was chosen in his stead. Then the cardinal introduced the apostolic delegate, Most Reverend Archbishop Satelli. He informed the metropolitans that he had been commissioned by the holy father to speak to them, in his name, on the question of Catholic education. He then read and explained fourteen propositions, which he laid before the archbishops for the purpose of settling the school question, and of indicating the means that should be adopted for the purpose of imparting religious instruction to Catholic children. After having declared that this statement was made in the name of the pope, Mgr. Satelli went on to say that he had been charged, moreover, by Leo XIII. to inform the Metropolitans that, as it has been customary with the holy see to appoint apostolic delegates to reside permanently in countries where the hierarchy is well established and religion is flourishing, it was the pope's heartfelt desire that now a permanent apostolic delegation should be established in the United States with the concurrence of the most reverend archbishops.

At the afternoon session of the same day the document presented by Mgr. Satelli was taken up and some modifications suggested. Mgr. Satelli, who afterward entered the meeting, explained that the document represented the mind of the pope, which did not admit of discussion; that the style and expressions were his (Mgr. Satelli's) own, and that he would be most happy to make in them any modification the assembled prelates deemed better.

In the seventh and last session, Saturday, November 19, the reverend delegate made a kindly and eloquent speech, thanking the prelates for their kind receptions, and adding that their deliberations would be productive of excellent results. At the request of all the members of the board he kindly consented to alter the last sentence of his pamphlet by concluding this important document with the following words: "All of which has been read and weighed in the meeting of the archbishops, the difficulties have been solved, the modifications asked for have been made."

It was unanimously resolved that the most eminent chairman should convey by letter to the most reverend apostolic delegate their grateful acknowledgment, deep sense of respect and best wishes for his person and sacred character. They were indeed grateful to the holy father for having sent to them so learned and holy a representative on a special mission, the duties of which he so ably discharged.

Burning Houses to Check Diphtheria.

BURLINGTON, Ia., Dec. 15.—Somewhat of a panic has been created at Vinton, Ia., over an epidemic of diphtheria, which has been raging here. The authorities have issued orders that the homes of those dying of the disease be burned. In compliance with this order the house in which Miss Ella Tonger died was burned, together with all its contents, and more bon fires are in prospect. The officials expect to reimburse the losers.

The Sheriff Squelched the War.

NEWPORT, Ark., Dec. 15.—The threatened war between the supporters of Lightfoot, the notorious fraudulent Negro preacher, and the men who killed him after being duped by him, was averted Tuesday by the coolness and decision of Sheriff Patterson, of this county, who got out a posse and warned the men away.

A Life's Sentence Commuted.

CORNING, N. Y., Dec. 15.—Gov. Flower has commuted the sentence of John E. McNamara, of this city, so that he will be a free man on December 15. Sixteen years ago McNamara, then but 17 years of age, shot and killed his sweetheart while in a fit of jealous rage. He was convicted of murder in the second degree and sentenced to Auburn prison for life.

A River on Fire.

LANCASTER, Pa., Dec. 15.—Near this city, hunters set fire to oil which had escaped from a break in the Crescent Oil Co.'s line and ran into Miller's run. In an instant the stream was a roaring mass of flames. The oil burned for several hours, destroying such property along the banks of the run.
